EXECUTIVE STRATEGY · COMMERCIAL CONFIDENTIAL

POgrid.id — Commercial Strategy, Sales Planning, Cash Flow & Retention Report

A comprehensive commercial go-to-market report for the CEO covering SME customer acquisition, 15-minute shop floor onboarding, upfront annual cash flow architecture, unit economics, and habit-driven anti-churn retention.

PREPARED BY	PRESENTED TO	TARGET ARR (12M)	LTV / CAC RATIO
Head of Sales & Growth	Chief Executive Officer (CEO)	Rp750.000.000 (250 Tenants)	18.7x (Blended)

01

Commercial Executive Summary

HIGH CAPITAL LEVERAGE

With the technical core hardened and audited, POgrid is now poised for rapid commercial execution. Our commercial strategy is designed around the reality of Indonesian manufacturing SMEs: **Indonesian workshop owners do not want bloated enterprise software; they want an instant end to late delivery penalties, lost parts, and chaos between the office and the shop floor.**

ANNUAL PRICE (PAKET PABRIK) Rp3.0M/yr ★ Rp250.000/mo upfront	GROSS MARGIN 98.8% ▲ Pure SaaS leverage	CAC PAYBACK TIME 1.5 Mo ✓ Day 1 Cash Positive	TARGET 12-MONTH ARR Rp750M ▲ 250 SME Workshop Tenants
--	--	--	--

✓ Head of Sales Commercial Verdict

By enforcing **upfront annual billing (Rp3.000.000/year)** and leveraging ultra-lean field sales in dense industrial clusters (Cikarang, Karawang, Surabaya), POgrid operates with zero accounts-receivable default risk and instant positive cash flow from every signed workshop.

02

Target Market & Ideal Customer Profile (ICP)

SME PRECISION NICHE

Target Workshop Profile

ICP DEFINITION

- **Sector:** Precision Machining (Bubut, Milling, CNC), Sheet Metal & Steel Fabrication, Custom Tooling, Jigs & Fixtures.
- **Headcount:** 5 to 50 shop-floor workers, 1–3 office staff (Owner, Admin, PPIC/Sales).
- **Machinery:** 3 to 25 production machines (Lathe, Milling, CNC, Welder, Surface Grinder).
- **Current Pain:** Whiteboards get wiped, workers forget scrap, endless customer calls asking "Barang saya sudah sampai mana?".

Target Industrial Belts

DENSE CLUSTERS

- **West Java:** Cikarang (Jababeka, MM2100, Delta Silicon, EJIP), Karawang (KIIC, Suryacipta), Bekasi, Tangerang, Bogor, Bandung.
- **East & Central Java:** Surabaya (SIER, Margomulyo, Rungkut), Sidoarjo, Gresik, Semarang (KIK, Terboyo), Tegal (Logam SMEs).
- **Riau Islands:** Batam (Mukakuning, Batu Ampar, Kabil Tooling).
- **Market Size:** >18,000 registered precision & fabrication workshops in Indonesia.

03

Pricing, Packaging & Cash Flow Architecture

UPFRONT CASH POSITIVE

We reject seat-based charging. Telling an owner "tambah operator bayar lagi" kills adoption on the workshop floor. We offer **unlimited workers** on a single, straightforward plan:

SUBSCRIPTION TIER	PRICE & TERM	INCLUSIONS	CASH FLOW DYNAMICS
Paket Pabrik (Tahunan) ★ 85% Target Plan	Rp3.000.000 / year Rp250.000/mo equivalent	All Features, Unlimited PINs, TV Presentation Mode, Delay Alerts, Unlimited POs & DOs.	100% UPFRONT CASH Zero bad-debt collection risk
Paket Pabrik (Kuartalan) 15% Secondary Plan	Rp1.050.000 / 3 months Rp350.000/mo equivalent	Identical Full Access, 3-Month Renewable Commitment.	+40% MARGIN PREMIUM Converts to Annual at Year 1
30-Day Free Trial	Rp0 No credit card required	Full Production Platform Access for 30 days with dedicated WhatsApp onboarding.	FRICTIONLESS ENTRY Auto-converts on Day 25

04

Grassroots Marketing & Field Lead Generation

HIGH-ROI CHANNELS

Direct Field Sales Blitz

HIGHEST
CONVERSION

Sales reps systematically walk through industrial clusters (8–10 workshops/day).

The 3-Minute iPad Pitch: Walk into the owner's office, pull up the live TV Dashboard, and demonstrate how tapping a PIN logs progress immediately. *"Pak, gak perlu teriak-teriak ke lantai bengkel lagi untuk cek PO."*

Machining WhatsApp Communities

ORGANIC
REACH

Active engagement in Indonesian metalworking Facebook/WhatsApp groups (>120,000 members).

Lead Magnet: Free downloadable *"Kalkulator Estimasi Jam Bubut & Lead-Time PO"* with embedded 1-click POgrid trial link.

05

Rapid User Onboarding: The 15-Minute Playbook

INSTANT TIME-TO-VALUE

If software setup takes more than 30 minutes, workshop owners abandon it. Our 4-step onboarding gets the entire workshop running in under 15 minutes:

STEP 1 · MIN 0–3

Mobile Signup

Owner signs up in 60s. Tenant slug (e.g. teknik-mandiri) is created automatically.

STEP 2 · MIN 4–7

Select Template

Pick standard workflow (e.g. Design → Material → Machining → QC → Delivery).

STEP 3 · MIN 8–11

Add Worker PINs

Enter worker names and 4-digit PINs. Workers log in from phone browser without app install.

STEP 4 · MIN 12–15

Launch TV Board

Input first active PO and turn on Presentation Mode on office laptop or shop TV. Done!

Unit Economics & Financial Projections

SaaS Unit Economics

HIGH MARGIN

Annual Contract Value (ACV)	Rp3.000.000 / yr
Blended Customer Acquisition Cost (CAC)	Rp160.000
Estimated Lifetime (3.0 Years)	36 Months
Customer Lifetime Value (LTV)	Rp9.000.000
LTV / CAC Ratio	18.7x

12-Month Scale Milestones

GROWTH RAMP

Month 3 (Pilot Ramp)	25 Tenants · Rp75M ARR
Month 6 (Cluster Blitz)	75 Tenants · Rp225M ARR
Month 9 (Regional Expansion)	150 Tenants · Rp450M ARR
Month 12 Target	250 Tenants · Rp750M ARR

07

User Retention & Habit-Driven Anti-Churn Engine

>92% ANNUAL RETENTION

Retention in manufacturing software is determined by shop-floor habit formation. Once workers log deltas daily and owners rely on the live TV board, POgrid becomes irreplaceable:

RETENTION LAYER	MECHANISM & DAILY HABIT	ANTI-CHURN IMPACT
1. Daily Floor Habit	Workers tap 4-digit PIN on shop tablet to log +3 pcs. Faster than hunting for a clipboard.	Eliminates manual reporting friction; builds instant daily worker habit.
2. TV Dashboard Lock-In	Office/Shop TV continuously streams live progress in Presentation Mode.	Turning off POgrid feels like turning off the lights in the workshop.
3. Telemetry Inactivity Alert	System detects 48 hours of zero progress updates during trial or active subscription.	Sales rep reaches out via WhatsApp within 2 hours to troubleshoot machine issues or new worker training.
4. Monday Owner Digest	Automated Monday 07:30 WIB WhatsApp digest to Owner: <i>"Minggu lalu 18 PO selesai, OTD 96%."</i>	Constantly reinforces hard ROI to the decision-maker every week.

Sales Department 90-Day Execution Plan

IMMEDIATE ACTION

PHASE	TARGET MILESTONES	CORE OPERATIONAL ACTIVITIES	REVENUE TARGET
Month 1	20 Pilot Tenants Signed	Direct field outreach in Cikarang MM2100 & Jababeka; refine 15-min onboarding SOP; validate WhatsApp owner digest.	Rp45.000.000 15 Annual + 5 Trials
Month 2	45 Active Tenants	Expand field blitz to Karawang & Tangerang; launch machining community referral campaign (1 Month Free per referral).	Rp115.000.000 Cumulative Cash
Month 3	80 Active Tenants	Enter Surabaya & Bandung machining clusters; partner with cutting tool / CNC insert suppliers for cross-promotions.	Rp225.000.000 Cumulative Cash

✔ Head of Sales Request for CEO Approval

Requesting formal executive sign-off on the **Annual Upfront Pricing Model (Rp3.000.000/yr)** and allocation for **two field sales tablet demo units** to begin the Cikarang industrial blitz next week.
